Five Persons Reported Killed
on American Side.

REBELS CLAIM THE TOWN

General Navarro, the Federal Defender, claims the town of Jaurez, across the Rio Grande, Tuesday, but without result.

The battle was perhaps the fiercest between the Mexican revolutionaries and the Federal forces since the battle of Juarez, across the Rio Grande, Tuesday, but without result.

SHORTAGE OF \$115,000.

George Hopkins is Arrested at Cleveland and Bond Fixed at \$60,000.

For alleged peculations, amounting to nearly \$115,000, Julius W. Hopkins, treasurer of the First National Bank, of Cleveland, O., was placed under arrest. It is stated that he has been arrested.

When arrested before United States Commissioner Walther, the accused waived a preliminary hearing and was bound over to await action by the grand jury. Bond was fixed at \$60,000.

Hopkins, it is asserted, claimed to have lost the money in unsuccessful business deals.

FOR RADICAL CHANGES.

Reform is Made by Senator Kenyon of Iowa—Kenyon a "Trust Buster."

Three radical changes in the Sherman antitrust law were proposed by a Washington dispatch, in a bill introduced by Senator Kenyon, of Iowa, who has just vacated the office of "trust buster" in the department of justice. His bill would make jail sentences compulsory for individual violators of the law, and would extend the provisions of the present act to corporations by providing that the patent shall be forfeited where the patentee joins with others to restrain trade.

The third change would make illegal the purchase or ownership of stock in a competing corporation engaged in interstate commerce.

STRIKE SPREADS.

Shopmen Walk Out at Many Points on Pittsburgh Division.

The strike of the Pennsylvania railroad shopmen has spread to the Monongahela branch of the Pittsburgh division, where seventy-five men quit at the Ormsby shops, on the south side.

The strikers claimed that 325 more would join them. A few men quit at South Park, on the main line of the Pittsburgh division. The call boys there have gone out in sympathy with the shopmen, and when the railroad company began placing telephones in the homes of the 127 engineers and firemen, some of the men refused to permit the installation.

BRIBE GIVERS

TO BE INDICTED

Ohio Investigation to Be Sweeping in Character.

GRAND JURY IS PROBING.

Investigation of Bribe Offers Will Not Be Confined to Those Men Who Have Taken Money, But Those Who Supplied It.

It was indicated at Columbus, Ohio, that indictments for perjury were likely as a result of some evidence given before the grand jury in connection with the bribery investigation. It is to be made clear that the grand jury will be indicted if sufficient testimony can be secured to convict.

PROBING SUGAR COMBINE.

Recommended by House Committee on Rules—Hardwick's Resolution.

Investigation of the American Sugar Refining company and all other concerns engaged in the manufacture or refining of sugar, to ascertain whether there have been violations of the anti-trust laws, was recommended by the house committee on rules at Washington.

The resolution of inquiry, introduced by Representative Hardwick, of Georgia, provides for a special committee of nine members of the house. Chairman Henry, of the rules committee, expects to report it to the house.

The original resolution provided for inquiry into the affairs of the American Sugar Refining company alone, but the scope was broadened to include all sugar manufacturers.

LONGER OFFICIAL TERMS.

Legislator McLeod Introduces Joint Resolutions.

Representative McLeod, of Santa Rosa county, has introduced two very important house joint resolutions in the Florida legislature, providing for the submitting to the people of two constitutional amendments. One of these seeks to lengthen the term of county tax assessors, tax collectors and county treasurers from two to four years. The other, if adopted by a three-fifths vote of both houses and voted upon favorably by the people of the state, will make the terms of members of the lower house in the legislature four years long instead of two as they now are.

Both of these joint resolutions have been introduced and are pending action by the legislature.

GOOD LIVER REMEDY FREE

When you suffer from any form of liver and bowel troubles through indigestion it is always well to take a free sample.

Mrs. Frank Lilly of Plainville, Ill., sent for one and it cured her and she is open in saying that she will never take pills or strong cathartics again, as Syrup Pepsin acts so mildly.

What you need is something to stir up the liver, to arouse the gastric juices so that they will aid in the digestion of your food. A very good remedy for this, and one highly recommended by those who have used it, is Dr. Caldwell's Syrup Pepsin, which you can obtain at any drug store at fifty cents or one dollar a bottle. But if you have any doubt about its merits, and would prefer to try it first, send your address to Dr. Caldwell and he will promptly send you a free sample bottle.

Thousands of people first learned of this remarkable cure for stomach, liver and bowel troubles through a free sample.

That revenue bill is now said

to be defective, and many of

those that it will hit will be sorry.

You could not hardly call the

merchants of Elba heavy advanc-

ers. Not exactly, now you could-

n't, No.

From every sign the people of

Alabama will soon be learning in

a way that will eclipse every pro-

vision lesson they've had, just how

many ways they can be made to

pay taxes.

One advantage of being the hus-

band of a June bride is that you

will not have to pay for an Easter

hatch until you have lived with her

nearly a whole year.—Columbia

Breeze.

The Ohio Free Press is five years

old. It is one of the brightest

and most readable of the weeklies,

and we congratulate Bro. Jones on

the success attained by himself

and his paper.

Back in the days of Governor

Jelks Alabama got along very well

with expenditures of a little over

three millions a year. Now the

appropriations run up to over seven

millions a year. The state has

grown in several ways, some of

them not so very desirable.

The doctors and lawyers got

theirs at the hands of the recent

legislature; it is a nice little li-

cence tax to the state that is pay-

able now at the office of the judge

of probate. At the proper time

the tax commissioner will tell

you about yours at so much a

tell, if you have not already got-

ten yours.

The Alabama Game and Fish

Department does not have much

luck in preventing the slaughter

of fish with dynamite. We don't

know any thing about it, for we

don't fish, and we are not game

wardens, but it is common talk

that all along there has been lots

of dynamiting and seining. The

game and fish fund is said to have

a big lot of money to its credit in

the state treasury. Wonder why

some of it is not spent to save the

fish?

Editor Ed M. Johnson has sold

the Samson Ledger and is out of

paper business. He has been a

model country newspaper man in

every respect. Dead in earnest,

enthusiastic, visionary, cheerful,

hopeful, helpful, a ceaseless boost-

er, he belongs in the office of a

country weekly. We wish him as

much good luck as he deserves—

and that's a plenty.

Way back while the legislature

was in session the Montgomery

Advertiser made it known that it

was not sponsor for the big ap-

propriations being made by the

legislature. The Advertiser went

so far as to "view with alarm,"

"call a halt" and do other things

that received as much attention

Growing Some.

We Southern Democrats love to

tell how the republicans are

spending money in running the

National government; we make

comparisons as to how much was

spent in Cleveland's last year as

president and Roosevelt's last

year. Yet here in Alabama we

have done some growing as spend-

ers. The statement given out by

the State Tax Commission shows

that if all the appropriations

made by the last legislature are

paid the total for the next fiscal

year will foot up to more than

seven million dollars, to be exact

to the sum of \$7,062,028. In ad-

dition to the code and constitu-

tional appropriations the extra

appropriations run for each year

more than three millions.

The last fiscal year that Gov.

Jelks was in office the year end-

ing Oct. 1st, 1906, the state of

Alabama expended for all pur-

poses, extra appropriations, code

and constitutional appropriations

and all the sum of \$3,379,591.95.

The extra and new appropri-

ations of the legislature now are

about the same as the who's state

spent five years ago. The whole

now as compared to the whole

then is a little over twice as much

for 1911 as for 1906. In other

words where the state was spend-

ing a dollar five years ago it is

now spending a little over two

dollars. We are a little over

doubling our state expenditures

every five years.

Gov. Jelks was not a hard times

governor. Cotton was worth ten

cents or better most of the time

he was in office. At one time

while he was governor cotton sold

for over sixteen cents a pound in

local markets. The new addition

to the capitol, the South wing,

was built while he was in office,

and the South half of the capitol

site was bought then. His ad-

ministration paid the expenses of

the Constitutional convention and

the election on it. It bore the

burden of the change in legisla-

tive procedure due to the new

constitution.

But the pay of the officers was

not raised much while Jelks was

in office. At the suggestion of

the Constitutional convention the

salary of the governor was raised.

And so economically minded were

the people then that a great bul-

ballico was raised when an act-

ing governor, Dr. Cunningham,

drew pay while Gov. Jelks was

sick.

If the tastes and demands of the

people's public servants and the

needs of the colleges continue to

grow, the tax payers will surely

have to be able to foot the

bill. If we can double our

public spending capacity in five

years while fighting out two of the

hottest questions ever wrangled

over in Alabama, the whiskey and

railroad questions and while we

were not worrying much about

the colleges and the pay of offi-

cial, with those matters out of

the way we ought to be able to

foot our expenditures in the next

five years, and by nineteen hun-

dred and sixteen be spending twenty-

odd millions a year.

One good thing about this pub-

lic expenditure business is that

those who have nothing will not

have their property taxes raised.

But then those who work and

have not yet begun to pay license

taxes will soon have to do so.

But what's the use of kicking—

the state officers and the colleges

need the money—and that's

enough said.

Alabama governors have gotten

to the point where they have

legal advisers in addition to the

attorney general. Some like they

need financial advisers in addition

to the treasurer. They

might call on ex-Gov. Bill Jelks

for help. Jelks was the first gov-

ernor since Seay that had much

luck in getting in the coin faster

than it was spent. He would be

able to earn almost any salary

that might be paid him as fi-

nanal adviser to the governor.

5 or 6 doses "666" will cure any

case of chill and fever. Price 25c.

The President certainly has got

a bad old job to harmonize all the

discordant elements of the repub-

lican party. Time's too short

before the election.

Theodore Roosevelt has our

full permission to hook up for a

row with the alleged labor organ-

ization dynamiters. If either side

in the row gets the worst of it

we'll be as well pleased as can be

unless it would be for both of them

to do so.

"There is one sensible thing

about the automobile dealers;

they just will not sell them on a

credit. They will not take the

chances, and this cuts out the

editors."—Tallahassee Reporter.

At least two Wiregrass editors

own cars, and one of them owns

two cars. We don't claim to know

whether the dealers in this section

extend credit or not, but we do

know about the editors having the

cars. And they're pretty nice

looking cars, not of the "swap-

ping-stock" variety.

It Is Too Absurd.

It looks like not only a travesty

on justice, but a roaring farce,

for the labors of the governor of

Alabama, the members of the sen-

ate and the house of representa-

tives to be rendered null and void

by some irresponsible copying the

bill (after it had been passed by

the house and senate) and signed

by the governor) appropriating

\$1,500 for each county in the state

to be used in building, repairing

or furnishing school houses, the

law is nugatory and of no effect.

There should be some method to

correct such errors by proof in

some court that omissions or

insertions were made after the bill

was passed.—Greensboro Watch-

man.

In Kansas there are said to be

half a million young men and

women over twenty one years of

age who have never seen a saloon.

In Kansas no newspaper publish-

es advertisements of intoxicating

liquors. In Kansas a third of the

counties have neither a prisoner

in jail nor a pauper in the poor

house. In Kansas half of the

counties did not supply a single

convict to the penitentiary. In

Kansas the per capita of the val-

uation of property is the highest

Roosevelt Says He Has Had a Good
Run for His Money.

Theodore Roosevelt made his first public declaration regarding his possible candidacy for the presidency at a luncheon given in his honor at Spokane, Wash., by the Commercial club. "I am not an aspirant for anything," he declared. "No other man alive has had a good run for his money." Mr. Roosevelt declared he was making his tour for no other purpose than that which he has already assigned to thank the people who had elected him to the presidency. Had he never come to the west, he said, he never would have raised his reputation, and never would have become president. In conclusion, he said: "It is the service done, not the title of the place held, that counts. And you won't, any of you, have to puzzle as to my motives if you will accept my statements at their face value. You have not got anything I want except your respect and good will, and all I desire is, so far as the chance arises, where I am able to do so, to help you in any movement for the good of our common country."

DESTRUCTIVE FIRE VISITS DALTON, GA.

Estimated Loss Placed at Quar-
ter Million.

FIRE STARTED IN HOTEL

During High Wind, Georgia Town is
Swept by Fierce Fire, Destroying
Part of the Principal Business Sec-
tion.

The fire broke out at midnight in the Hotel Dalton, at Dalton, Ga., de-
stroyed property estimated at a quar-
ter of a million dollars.
The fire broke out in the hotel
shortly after midnight. In less
than an hour this building was com-
pletely destroyed. This was a four-
story building, the largest hotel struc-
ture in north Georgia. The hotel was
filled with guests, and many had nar-
row escapes. C. V. Deane, of the
West Construction company, jumped
from a third-story window and was
seriously injured.
The buildings destroyed in the hotel
block were:
Fincher & Nichols, \$3,000.
W. A. Robertson, \$7,000.
McWilliams Bros., \$6,500.
Dalton cafe, \$2,000.
In the opera house block:
Dalton opera house, \$25,000.
Thomas Dry Goods company, \$10,
000.
Cafe, \$1,500.
The printing plant of the Showalter
company was completely destroyed.
The loss is estimated at \$100,000.
The building adjoined the opera house.
From the Showalter building the
fire spread to the Dalton Buggy com-
pany, whose stock is estimated at
\$50,000.
The fire originated at the corner of
Hamilton and Crawford streets and
burning southward, covered two
blocks.
The Masonic temple, in the Show-
alter building, was destroyed, with
valuable paraphernalia.
Many thrilling escapes were wit-
nessed by those who were aroused
from their slumbers and hastened to
the burning hotel. Guests, thirty
clad, piled out of the windows right
and left into the wind, which was
blowing a gale.

PLANS MILITARY MOVES.

Germany Will Have More Than 1,000-
000 Men in Field.

Germany will have under arms in
connection with the field maneuvers
this summer nearly 1,000,000 men in
addition to the regular army strength
of 222,000. Over 355,000 reservists
will be called to the colors, making a
total effective strength for the army
of 577,000. Adding to these the men
serving with the fleet, an armed force
of considerably more than a million
will be engaged in the gigantic war
game.
The new firing regulations for the
field artillery, just published, contain,
in addition to former directions for
fire against captive balloons, a new
set of instructions governing the use
of artillery against dirigibles and
airplanes. It is admitted, however,
that artillery fire against aeroplanes
offers slight chance of success without
enormous use of ammunition.

GREAT POET HONORED.

Chicago School Children Celebrate
Shakespeare's Birth.

William Shakespeare's birthday was
celebrated in Chicago by dramatic
and literary clubs, but in no place was
the ceremony observed with more en-
thusiasm than in Lincoln park, where
500 school children assisted in plac-
ing flowers upon the statue of the
poet in the presence of prominent
actors, literateurs and dramatists.
Thousands of roses, carnations and
lilies were brought to the base of the
statue, while many wreaths and floral
emblems came from all parts of the
country. A rosemary from the garden
of Shakespeare's birthplace was sent
from Stratford-on-Avon.

32 PERSONS KILLED.

Many Others Injured When a Passen-
ger Train Fell Into a Gorge.

According to the latest estimates,
thirty-two persons were killed in the
wreck of a passenger train on the
Kowle railway, in Cape Colony, when
it plunged to destruction into a gorge
250 deep through the collapse of the
Blankvkrantz bridge. In addition
many were injured, some of them
fatally.
One little girl had a miraculous
escape. She was caught in a fork of
the bridge and held by one foot over
the ravine. The rescuers had to scale
gladders to the height of 200 feet to
bring her down.

FATAL AUTO ACCIDENT.

Atlanta and West Point Train Crashes
Into Machine.

Wesley Stewart, aged 4 months, was
instantly killed, Dorothy Stewart, aged
2 years, was fatally injured. Alline
Boch, a negro nurse, sustained a frac-
ture of the left thigh and dislocated
hip. Mrs. A. J. Stewart, the mother of
the dead and injured children, was
badly bruised and suffered a serious
nervous shock when the Atlanta and
West Point train No. 18, from Colum-
bus to Atlanta, came into violent col-
lision with the automobile driven by
A. J. Stewart, a furniture dealer of 163
Peters street, Atlanta, Ga., some two
blocks beyond the end of the car line
at College Park, Sunday morning.

FOUGHT OVER NICKLE.

Game of Cards Resulted Fatally Near
Thomasville, Ga.

As the result of a row among a
party of negroes over a game of cards
at Way's still, ten miles from Thom-
asville, Ga., John McKinnon is dead,
Miford Brown badly wounded and
Tom Sawyer in jail.
Brown and Sawyer got into a dis-
pute over the ownership of a nickel.
Brown pulled his pistol and shot at
Sawyer, but missed his aim and shot
McKinnon, standing nearby. Sawyer
got a pump-gun from a house near
and came back at Brown, firing at
him six times and wounding him badly
just above the hip. Sawyer made his
escape, but returned and gave himself
up and is in jail. Brown is also in
jail.

HURLED INTO FIREBOX.

"Katy Flyer" on the M. K. and T.,
Crashes Into Freight Train.

Picked heading into the open
door of his firebox when the south-
bound "Katy Flyer" on the Missouri,
Kansas and Texas railroad ran into
a freight train at Cleburne, Texas.
A freight train had been in the
block for some time, and the "Katy
Flyer" had not yet been found in the
wreckage. It is thought he may have
been precipitated far enough into the
fire-box to be at least partly inciner-
ated.
One other trainman, Engineer Tom
Williams, was killed in the wreck,
which occurred near Avarado. No
passengers were injured. The train
is one of the fast passenger trains
operated into south Texas.

HORSESHOE CONVICTS.

Scion of Wealthy Illinois Family Gets
Twenty Years' Prison Sentence.

Danville, Ill., dispatch says: Fred
Garner, scion of one of the wealthiest
families in northern Illinois, was con-
victed, through the plot of a horse's
shoe in the ground, of the murder of
Mrs. Elsie Cochrane.
Mrs. Cochrane's body was found in
the middle of a field, near town, Octo-
ber 23-24. On the ground near by were
found marks of a peculiar horse shoe.
The marks were traced to Garner's
horse, and although he denied know-
ing the woman, the jury led to his con-
viction. The jury fixed the pen-
alty of his act at twenty years in
prison.

Because They Advertise.

"Mary had a little lamb, its
fleece was white as snow; it strayed
away one summer day where
lamb should never go. And Mary
sat her quickly down, and tears
streamed from her eyes; she never
found the lamb because she did
not advertise."

"And Mary had a brother who
kept a village store; he sat him
down and smoked a pipe and
watched the open door. And as
the people passed along, and did
not stop to buy, John still sat and
smoked his pipe and blinked his
sleepy eyes. And so the sheriff
closed him out, but still he lu-
gured near, and Mary came along
to drop a sympathetic tear."

"How is it, sister, can you tell,
why other merchants here sell
their goods so readily and thrive
from year to year?" Remember-
ing her own bad luck, the maiden
replied: "These other fellows got
there, John, because they adver-
tise."—Emporia Gazette.

Richmond, Va., in 1911, and Los An-
geles, in 1912, are the two places

ment of the action of the executive

gers Woodruff, secretary of the league,
at Philadelphia.

man, president of the board of trustees

A CHAPTER Lucile, the little 3-
year-old daughter of
CASUALTIES. Mr. and Mrs. J. P.
Davis, was accidentally shot and
killed recently by a loaded shotgun
at Danwood, Ga. The gun was a
single-barreled breech-loading and a
Reynolds shotgun, and was standing in
the closet of a room. The little girl
and her brother went into the closet
striking the hammer against the wall.
Margaret Demont is dead at Ram-
lake, Ill., as the result of the explo-
sion of a celluloid hair comb. The
young lady touched a red-hot stove
with the comb, when it exploded, burn-
ing her badly. Lockjaw resulted in
her death.

STANDARD OIL CO. MUST BE DISSOLVED.

U. S. Supreme Court Declares It a Trust. Big Cor-
poration Will Obey Decree.

Washington, May 16.—The
Standard Oil Company of New
Jersey and its nineteen subsidiary
corporations were declared Mon-
day by the Supreme Court of the
United States to be a conspiracy
and combination in restraint of
trade. It also was held to be
monopolizing interstate commerce
in violation of the Sherman anti-
trust law. The dissolution of the
combination was ordered to take
place within six months.

Thus ended the tremendous
struggle of years on the part of
the government to put down by
authority of law a combination
which it claimed was a menace to
the industrial and economic ad-
vancement of the entire country.

Second—That it will be some
time before any plans of reorgan-
ization are given out.

The company has insisted
throughout that no plans had
been formulated in advance of
the decree and a statement made
today by Mortimer F. Elliott,
general solicitor of the company
takes the same attitude.

"Having only before us the press
reports of Chief Justice White's
oral opinion, and the remarks of
Justice Harlan, and not having
yet seen the opinion of the court
in full, it is impossible to make
any lengthy statement. The full
opinion must be read and studied
by my associates and by myself
before it can be intelligently dealt
with."

"It may, however, be said that
the Standard Oil Company will
obey the decree of the court and
that all of the companies em-
braced in the court's decree will
carry on their business as usual
under the direction of their own
officers and through their own cor-
porate organization."

New York, May 16.—The first word from the Standard Oil Com- pany on the decision of the U. S. Supreme Court against it yester- day came today. It makes two points clear:

First—That there will be no
continuity by the company—it
purposes to obey the decree.

Pine View, Pealings.

Mrs. Elizabeth Hughes is now
with her son-in-law Mr. Mink Lee
here.

Miss Sallie Strickland after a
several weeks stay at Pine View,
has gone down to Enterprise.

The Misses Croley visited their
brother's family here last week.

Dr. Lehman Hutchinson from
Elba was with his father Mr. Ju-
lian Hutchinson Sunday.

J. T. Henderson went over to En-
terprise one day last week.

Messrs Sid Stephens and Jim
Hornaby were over at Brockton
last Sunday.

Mr. S. B. Hughes from up in
Pike County was among relatives
here Sunday.

Will Brock visited his father's
people in Brockton Sunday.

An interesting sight to the writ-
er was a monster rattlesnake, found
by Mr. Lee last week. He was
over six feet long and must have
been among the first settlers here.
Mr. Lee roped him in and drug
him to the house but afterward
found he had an elephant on his
hands and so killed him.

Several from here went to the
meeting over at the Primitive
church at Clintonsville Sunday.

We were very much upset by
the following line in a private
letter the other day: "I noticed
in The Clipper you have moved
out on the farm. Where are you
and what are you doing?" Where
are we? Well that will take a
little of the conceit out of us Pine
View people won't it? Pine View
is bounded on the east by Farmers'
Academy, on the south by Clin-
tontown and Brockton on the west
by Elba on the north by the ter-
ritory of Hustler—that is if Hust-
ler has not hustled off the face of
the earth and quit writing.

But then Hustler may be mov-
ing to keep out of the grass like
certain fellows who are working
down on the river, and who, like
the fellow the cow was after, have
no time to write.

When Poe wrote that beautiful
poem, "The Bells," he said of
"The loud alarm bells how they
clang and crash and roar as they
pour out their frightful on the
startled ear of night." I wonder
if he ever heard the old farm bell
about 8:20 a. m. when he was
dreaming that the bell would
"would not come" and the week

worm was gone and world peace
had been established and the pro-
hibition laws were no longer vigi-
lated—and when suddenly that
old bell rings out on the morn-
ing air with its story of toil, toil,
toil.

But when you have worked till
your shadow is nearly gone and
and old Sol has climbed up the
blue dome of heaven and looks
down on you with that keen pen-
etrating gaze of his then the old
bell plays another tune and you
catch the notes of "Home Sweet
Home" borne over the hot sands to
your listening ears.

But Poe spoke of other bells:
"Hear the mellow wedding bell,
Golden bells!
Through the balmy air of night
How they ring out their delight!
The deep heart of the bell
To the tune of those bells Mr.
J. D. Willis on last Sunday led to
the altar of marriage Miss Annie
Bell Willis.

For these happy young people
may the bells ring on their life
"All in tune."
Mr. Willis is a prosperous young
farmer of Fresno. Mrs. Willis is

with Dr. Orr in every way possible
in reaching satisfactory results.

ty has been of great benefit to the

The United States postoffice at
Argo and the store of Thomas A.
Mickelwright in which the post-
office is located, were robbed by
two white men Monday night and
William Mickelwright, a son of the
postmaster who slept in the
store, was led off into the woods
and probably fatally shot by the
bandits.

Jesse Dispaian and William
Dispaian, two young white men,
were arrested here yesterday
charged with the crime.
It is stated that Jesse Dispaian
and William Dispaian went to
the Mickelwright store Monday
night about 11:30 o'clock and
aroused William Mickelwright,
who slept in the store. They are

All the prisoners, about 175 in
number, were rescued from the
building without injury and not
a one escaped. The origin of the
fire is not known.

was begun Wednesday on the new
stockade and by this time no
doubt is almost completed.

\$1250 Fine For Brewery Company.

Montgomery, May 17.—Fines
aggregating \$1250 were today im-
posed upon nineteen employees of
the Capital City Brewing and Ice
company in the inferior court of
this city. The trial was result of
a raid which was made by Sher-
iff Horace Hood upon the com-
pany several weeks ago, when
goods valued at almost \$20,000
were confiscated.

The cases against the barreled
vat and keg beer sought for con-
demnation have been postponed un-
til June 10.

Shoots Himself In Heart.

Huntsville, Ala., May 17.—Dep-
endent upon the condition of his
health, Miss Corrie M. White, a
beautiful young woman of this
city committed suicide today by
shooting herself through the heart.

Her relatives say she has been de-
pressed for some time and de-
stroyed herself during a fit of tem-
porary insanity.

Miss White was a daughter of
Walter D. White, (of days, Miss,
and was 21 years old.

During the last year she had been
in wretched health and did not
believe that she would ever recov-
er.

They robbed the place and then
took the boy to the woods and
when he started to run, fired on
him.

W. L. Barker Second in Contest.

Mr. W. L. Barker, agent of the
American National Insurance
Co., for this district, is in receipt
of the following letter:

Galveston, Texas, May 18, 1911.
To the Agents of the American
National Insurance Co.,
Dear Friend:—

We certainly did go some in
April. A perfect deluge of ap-
plications. Everybody got busy.
The last few days of the contest
were really spectacular—Daniel,
Barker and Brannen all running
like scared deer. The finish
showed the six winners lined up
in the following order:

1st. J. B. Daniel,
2nd. W. L. Barker,
3rd. J. N. Brannen,
4th. G. M. Nesbitt,
5th. R. J. Thurmond,
6th. C. E. Johnson.

Two of the six leaders, W. L.
Barker and C. E. Johnson, have
entered the Life Insurance pro-
testion since January 1st. Mr.
Barker's record of \$40,000 is
worthy of special mention.

Yours truly,

PEACE IN MEXICO IS NOW CERTAINTY.

Revolution is Near End. Diaz Gives Notice That He
Will Retire from Office Before June.

Juarez, Mexico, May 18.—Peace
through out Mexico is now an ac-
complished fact, according to
Francis I. Madero, Jr., leader of
the Mexican revolutionists, who
announced yesterday that the news
from Mexico City was entirely
satisfactory to him.

Madero will accept the offer to
go out of Mexico City to act as
chief adviser to Minister of For-
eign Relations De La Barra, who
will become president ad interim
following the resignation of Pres-
ident Diaz June 1.

As the withdrawal from office
of President Diaz and Vice-Pres-
ident Corral has been definitely
fixed for June 1, it will not be
necessary for the insurers to
institute provisional governors or
provisional members of the cabi-
net for the intervening twelve days.

But the fact that Madero will
meet with Minister De La Barra
in the reorganization of the gov-
ernment will be accepted as suf-
ficient guarantee of the success of
the revolution.

Diaz's announcement of his in-
tention to resign is accepted with
absolute faith by the rebels. Re-
garding the future policy of the
Madero government toward for-
eign capital in Mexico, Senor Ma-
dero said he and his cabinet would
continue to encourage American
investments, but a vigorous pro-
hibition would be made against
the wholesale granting of conces-
sions. Madero has no doubt that
they will be the next regularly el-
ected president of Mexico and that
Dr. Vasquez Gomez will be the
vice-president.

He said to have informed him that
they had just gotten in on a freight
train and wanted something to
eat.

Mickelwright, it is stated, open-
ed the door and started to get
down some canned goods for the
two men. One of them is said to
have covered him with a shot gun
and ordered him to hold up his
hands.

ciety, and the Columbus News is

Dr. Wiley is now "going after"

He might also attack some of the
headache causes.

When a girl has a man to din-
ner her mother's only idea seems
to be to make him ashamed of
himself for not being one of the
family.

How can the United States in-
tervene in Mexico if there is no
quarrel?

Diaz was ready to relent all the
time provided the rebels were
strong enough to make him do so.

Possibly the Supreme court has
got into the habit of leaving those
trust decisions at home on the pi-
ano while we are waiting for them.

After all, American cities are
built up faster than they burn
down.
